Action of the Board

---

March 1960

---

I. Action of the Board.A. When petitions are presented with the necessary consents.

The Eugenics Board at its monthly or special meeting will consider each petition as it relates to the particular case.

1. If the petition is approved.

The order for the operation will be made and forwarded to the petitioner giving the following:

- a. Specific operation to be performed.
- b. Designation of a specific surgeon or the surgeon on the staff of a specific hospital to perform the operation.
- c. The period of time within which the operation is to be performed.

2. If action is postponed.

The Executive Secretary will notify the petitioner indicating the additional information needed or action to be taken by the petitioner.

3. If the operation is not authorized.

The Executive Secretary will notify the petitioner indicating the basis for the action taken by the Board.

B. When petitions are presented without necessary consents.

If any of the necessary consents cannot be secured, the petition, otherwise complete, may be sent to the Eugenics Board, accompanied with a letter explaining the reasons for inability to secure the
